MAX IV

The Loop

Science Village Hall

Tram station

Science Center*

ESS

* Planned

Science Village Hall is located in the university of Lund, 20-30 minutes from Copenhagen and Malmö.

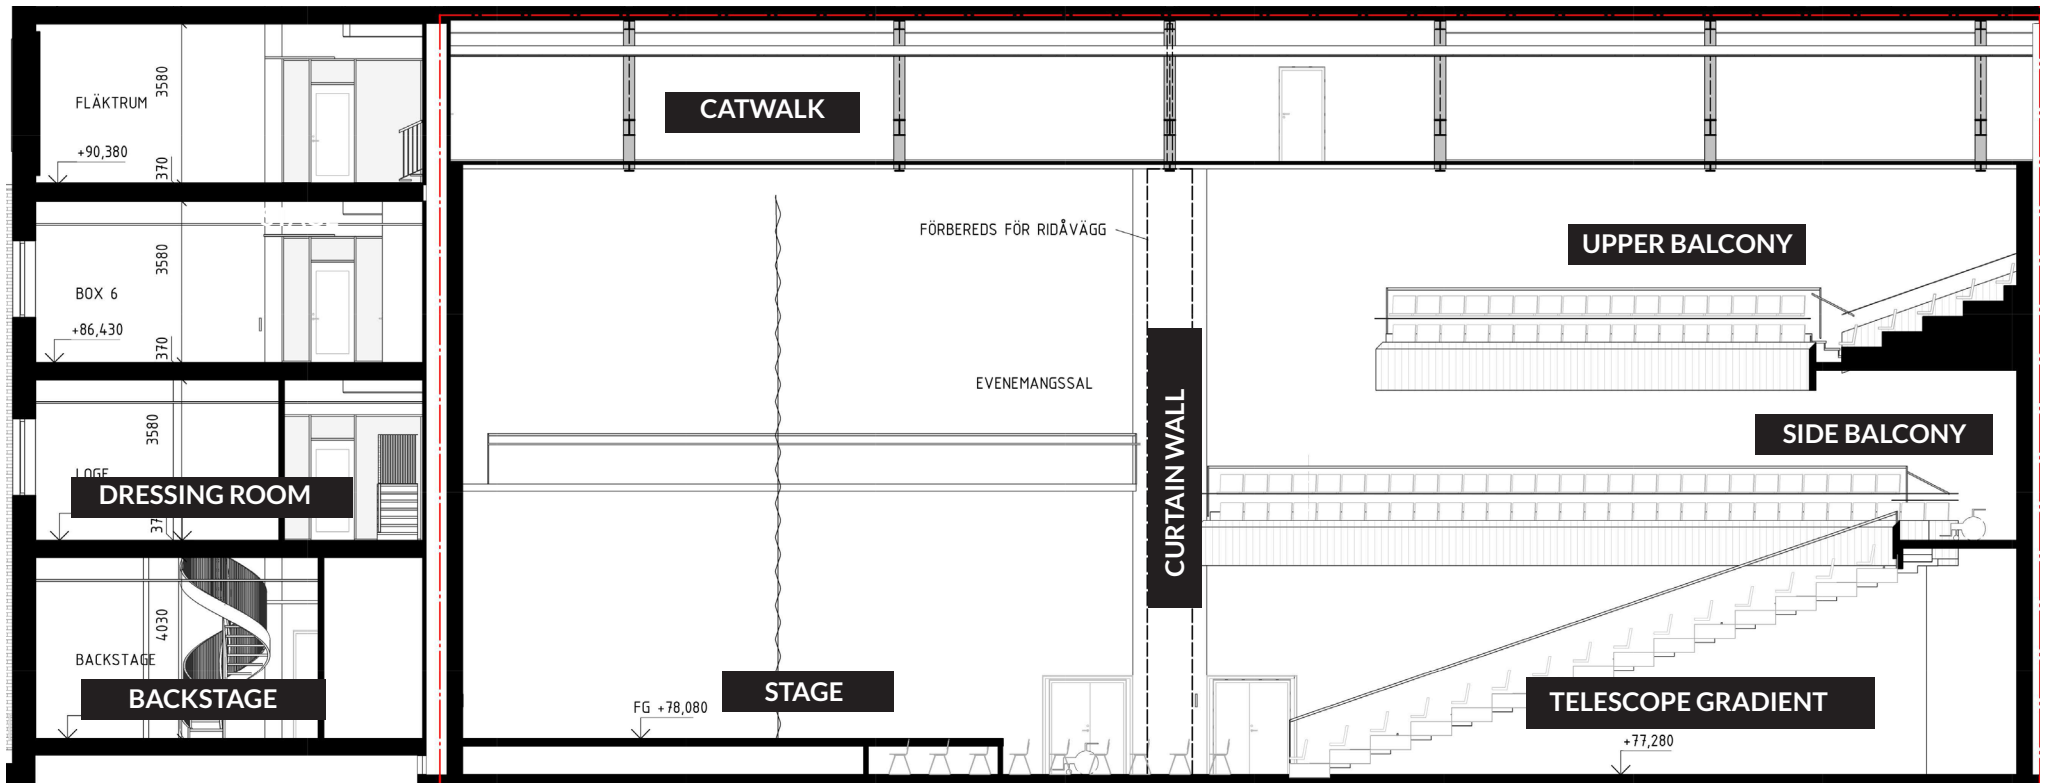

Take a short tram ride from the inner city (and its 1600 hotel beds) and you'll find Science Village. This growing city district will develop into a knowledge centric and flourishing research and innovation hub in the coming years.

The Loop, at the heart of Science Village, is being built by Skanska and is owned by Vectura. The Loop is not only home to Science Village Hall, but also the co-working space and conference facility of Level Two (Altitude Meetings) as well as office space for innovation centric businesses.

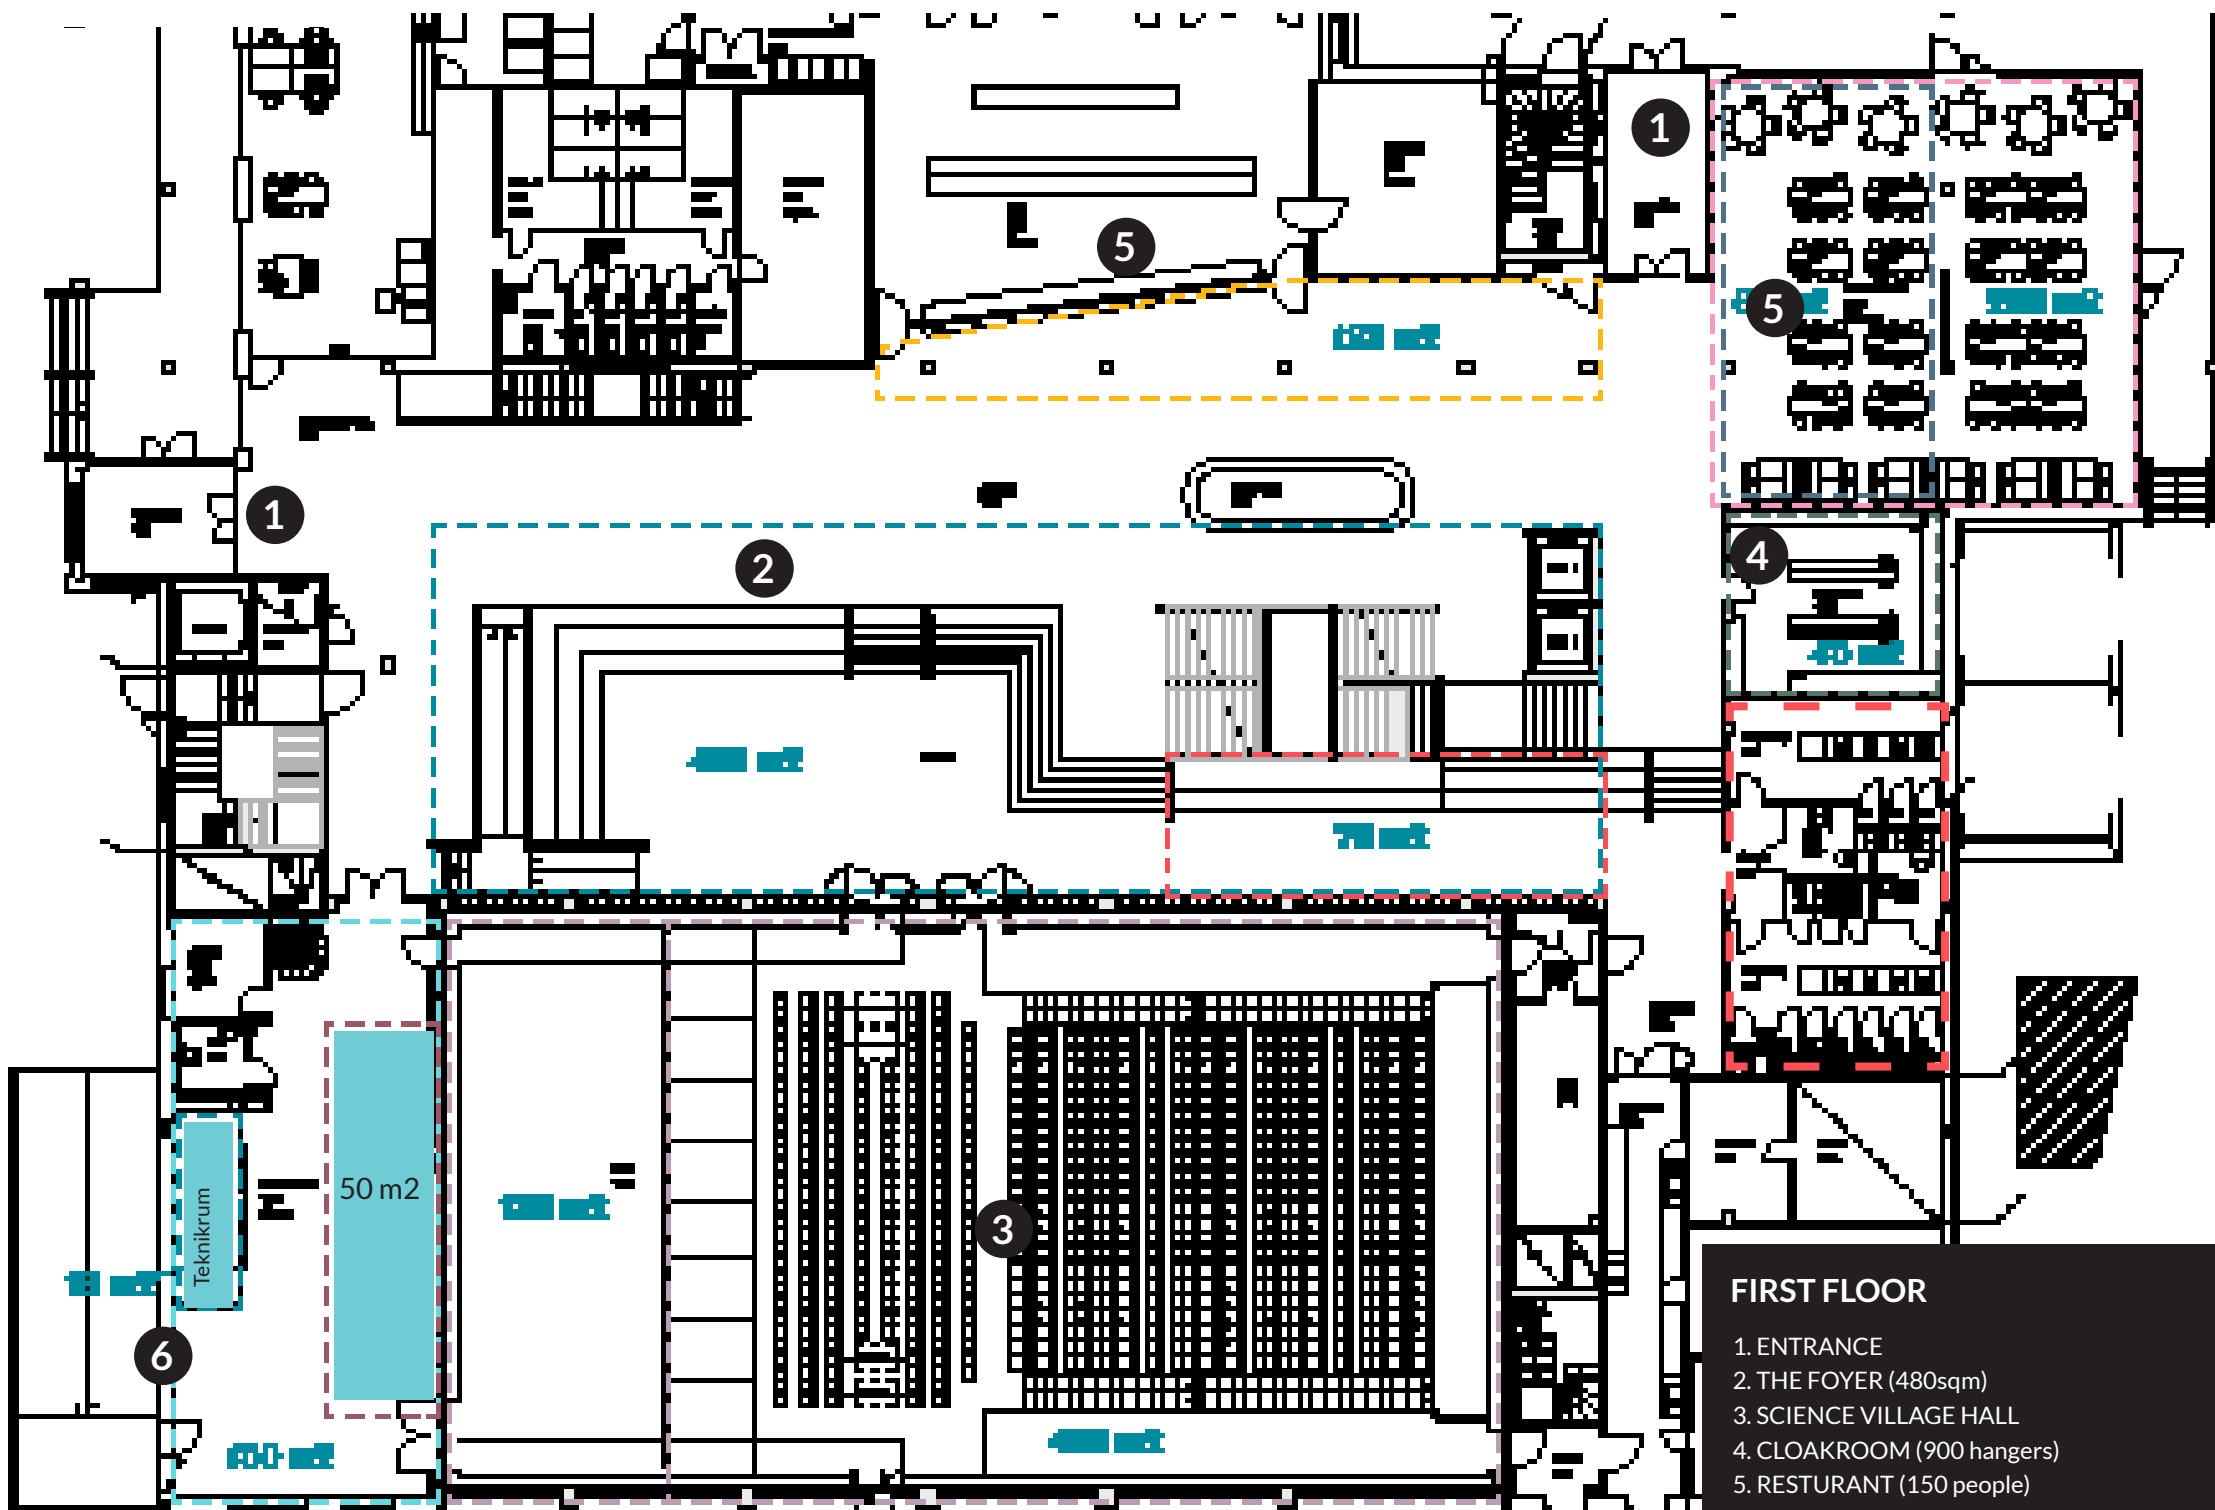

Science Village Hall in Lund seats a thousand people, and will be perfect for all types of events from major scientific conferences and lectures, to big dinners, concerts, musicals, and theater performances.

Conference in the morning.
Entertainment for dinner.
